

# doTERRA™

*100% Certified Pure Therapeutic Grade*

## Introducing our new **d TERRA Bath Blend Bar!**

Combining the highest quality essential oils available in the world, with the therapeutic impact of pure Dead Sea Salts for **your** bath-soaking wellbeing.

**Choose the aroma that matches your mood or health goal.**

Then let us custom blend it for you as a 7 oz or 15 oz jar.

**Why Dead Sea Salts?** The waters of the Dead Sea and the salts extracted from it are rich in unique concentrations of life-enhancing minerals, including the highest levels of magnesium, potassium, sodium and calcium. These salts soften and moisturize dry, sensitive skin while providing a sense of deep relaxation that promotes sleep. Use whatever amount of salts you desire in your bath. When using larger quantities, we recommend you shower off after a 20-30 minute hot soak.

Interested in learning more about our new, high-quality line of Essential Oils from **d TERRA?**

See Marty for details.

And here's an eco-smart idea: when you need more – simply bring the empty jar back to Balance and we will refill it for you at a discounted price.
